

Technical data

Dimensions: 1980h x 2000w x 1280d mm (6.50h x 6.56w x 4.20d ft.)

Weight: 750 Kg (1653 lbs.)

Voltage requirements: 230V 50/60Hz (single-phase) or 380/415V 50/60Hz

Rated electrical power: 7 kW

Average power absorbed per month (avg. 30 pizza/day): 715 kWh

Pizza preparation time: 3 minutes

Ingredients capacity per load: 100 pizzas

Certifications/Documentation: CE, HACCP system, CB report, TÜV Rheinland

Safety standards compliance:

- Low Voltage Directive 2006/95/EC
- Electromagnetic Compatibility Directive (2004/108/EC)
